VOTERS FORUM TO BE HELD OCTOBER 8 FOR FAIRVIEW CITY COUNCIL CANDIDATES

Location: Gresham City Hall Council Chambers

A voters' forum, hosted by the League of Women Voters of Portland, will be held at Gresham City Council Chambers on Wednesday, October 8, 2014.

Fairview Council Candidates- **6:00 pm to 6:55 pm**
Fairview Mayor Candidates- **7:00 pm to 7:20 pm**

Additional details and a complete list of candidates is available via the city website at: www.fairvieworegon.gov.

Fall Recreation Programs Open Now

Fairview residents, are you interested in participating in one of the recreation programs offered by the City of Troutdale? Fairview city hall has a deal for you. Sign up for the Troutdale program you are interested in, pay the full non-resident rate, bring your receipt to Fairview City Hall with your proof of Fairview address, and be reimbursed for the difference between the non-resident and the resident amount. Once a request for a grant is made, a check will mailed within 7-10 business days. (The City does not currently offer a scholarship program.) For more information regarding the recreation program offered, visit:
<http://www.ci.troutdale.or.us/recreation/>.

Volunteer Opportunities Available Now

Whether you want to be a part of a standing council committee or just be a city volunteer ready and willing to help when needed, the City has opportunities for you. Visit the city website for details regarding open committee positions as well as the City's new general volunteer pool of "Fairview United Neighbors." Come out and join the fun. Call City Recorder or visit the city website for details.

FROM THE DESK OF MAYOR MIKE WEATHERBY..... Hello all. As we work our way into the fall months, your city is busy. Park Cleone is working its way to completion in about three weeks, along with Fairview Woods Park. Plus, a new cross walk with a light and signage is to be installed by the county on Halsey Street near the entrance to Wood Village Parkway at about the start of the holidays. In the Village area of Fairview, safety continues to be a priority with the addition of “turtles” (such as seen by the Post Office) to the center of the road so as to reduce the number of cars crossing into oncoming traffic.

I will be hosting both a meeting of the Mayors Business Roundtable on the 16th, and a meeting of the councils of Fairview, Troutdale, and Wood Village on the 29th at which time we will be working on plans and direction for the much anticipated Halsey Corridor. One of the positive aspects that this should bring about is economic development committee’s in Troutdale and Wood Village such as we have in Fairview. These groups would work together to make Halsey a beautiful and enticing magnet to businesses, and a source of pride and uniqueness to each of the cities. My best to all of you, and please do be involved in your city. -Sincerely,
Mayor Mike

PARK CLEONE IMPROVEMENTS PROGRESS

Construction is going well at Park Cleone. The improvements will make the park more accessible, add benches and picnic tables and improve storm water quality. The work, including planting, should be completed in mid-October. The playground has been open throughout construction. The stream extension and pond are mostly complete, the bridge is under construction and the walking paths are expected to be in place by the end of September.

« Early morning light shining on the new pond in Park Cleone after a significant rain event.

Watch out for Trick-or-Treaters on Halloween!
Please drive safe and watch for the little ghost and goblins!

HELP PREVENT FLOODING OF FAIRVIEW STREETS

It is that time of year again. Trees are a valuable resource to our City throughout the year but the deciduous trees, including street trees, are dropping leaves right now. Help prevent flooding and keep the storm water system clean by inspecting the storm drains outside your house and keeping them debris free. When you are clearing your sidewalk or driveway, please do not rake or blow the leaves from your yard into the street. To clean a clogged storm drain stand on the curb and use a rake or pitch fork to clear leaves, limbs, and debris from the catch basin. Do not attempt to remove the grate, only the debris on top of the grate. Place leaves in your yard debris roll cart for easy removal and recycling.
