### Fairview Village Speed Change

After a comprehensive traffic study and review of traffic volume and speeding vehicles in the Fairview Village, the Fairview City Council has approved a change in the speed limit to 20 miles per hour. Speed limit signs are now in place on all streets entering the Fairview Village. The 20 mph speed limit impacts all streets surrounded by: NE Glisan, Fairview Parkway, NE Halsey and 223rd Ave. Even if you do not live in the Fairview Village, if you frequent Fairview City Hall, the Fairview Regional Library, Fairview Post Office, Target or any of the other businesses located along NE Village or NE Market Drive you need to be aware of the speed limit change.

### The Fairview City Council is seeking Volunteers for the following Citizen Advisory Committees:

- ◆ Arts & Community Events Advisory Committee – 3 positions
- ◆ Economic Development Advisory Committee – 1 position

## Historic Fairview's Updated Park – Play and Learn

The past two years have seen big changes in Park Cleone. The replacement playground equipment (chosen by Fairview Elementary students) is a big hit and in near constant use. The walking/ running/strolling trails and basketball hoops are also proving popular. The stormwater project took out a pipe and restored part of Raintree Creek to a more natural state. The amount of water in the creek and pools varies depending on the weather. The changing water level provides a great environment for native plants and creatures. Come down to the park and see the amazing dragonflies and butterflies and let us know what species you find. The ducks and ducklings seem to have left for the season but may be back. Keep your eyes peeled!
