### 2017 Draft Parks and Open Space Master Plan

The City of Fairview Draft 2017 Parks and Open Space Master Plan is a comprehensive review of existing parks and facilities that outlines a set of strategic goals and objectives. The draft plan is based on the latest data from the U.S. Census Bureau, the American Community Survey, and the Portland State University Population Research Center. The Plan includes recommendations for:

- ◊ Park and facility updates
- ◊ A capital improvement schedule
- ◊ Opportunities for funding future improvements

### Historic Fairview - 20 MPH

After completing a traffic study and review of traffic volume and speeding vehicles in Historic Fairview, the Fairview City Council is moving forward with changing the speed limit to 20 miles per hour. This is the similar process the City Council followed when reducing the speed limit to 20 mph in the Village.

The public hearing and adoption consideration for the speed limit change is scheduled for November 15, 2017. If approved the new speed limit would take effect December 15, 2017. Staff will coordinate changing out all the current speed limit signs with 20 mph signs. The 20 mph speed limit will impact all streets surrounded by: NE Halsey Street, Depot Street, Fairview Parkway (NE 207th Avenue) and Fairview Avenues (NE 223rd Avenue).

**Mayor's Thoughts...**One of the City Council's Goals for 2017 is to update the City's Vision. The Council created The Vision Action Plan Committee and is revisiting and revamping the vision for Fairview to help Council set future goals for 20, 30, and 40 years to create an economically stronger, thriving, and more socially diverse community,

I want to personally thank the citizens that responded to our Fairview Community Vision Survey and attended the public meetings. The survey, Fairview 20.30.40, had questions on Economic Development, Transportation/Mobility, Caring Community, Parks & Recreation, Public Safety & Services, Maintaining Historic Character, and Enhanced Livability.

Comments for improvements from the survey and meetings were categorized into Urgent, Midterm, and Long-term needs. The Vision Action Plan Committee is using this information to prioritize actions. The next steps will be a meeting with our local and regional partners to review the proposed actions followed by a discussion with the City Council on November 15th at 6 PM in council chambers.

**Futsal Court**

The Cities of Wood Village and Fairview join in celebrating the opening of a new community Mini-Pitch Futsal Court at Wood Village Baptist Church.

The project was made possible through the incredible generosity of the W.J. Silverstein Family Trust, a grant from the United States Soccer Foundation, and the hard work of the Wood Village Baptist Church staff and Community Members.

The new Futsal Court will provide healthy activities for the children and youth of our community, in addition to the opportunity for our cities to continue fostering relationships with our valued community partners, including Multnomah County Health; Reynolds School District; Multnomah County Sheriff's Office; and Rockwood United Sports, with a common goal of enhancing the health and vitality of our community and region as a whole.
