Pocket parks provide a place to sit down and rest & reflect and make for beautiful scenery. The pocket parks are within a three minute walking of each other. All of the pocket parks are pet friendly.

Each village neighborhood has a pocket park located within a two minute walk of every home.

Fairview Village Pocket Parks

On May 15, 2013, the Fairview City council passed Resolution 26-2013, joining Fairview in the Healthy Eating Active Living (HEAL) Campaign.

The Healthy Eating Active Living Cities Campaign celebrates all municipal policies that make Oregon cities places where residents, employees and visitors can be physically active and have access to nutritious foods.

"Fairview has always been a city with vision. By joining the HEAL Campaign, Fairview is committing to a vision of a healthy community. Fairview council will consider policies that could expand access throughout the city to healthy amenities like sidewalks, bike paths, and community gardens."

One/Two Mile Loop

The One and Two Mile Loop indicated on the map show the route you could take to keep track of how far they have traveled without the need of anything besides this map. The route has been designed to take you to all of the Fairview Village Pocket Parks. This provides you the opportunity to be active and see most of Fairview Village's beauty.
