COVID19 TEST AVAILABLE

FROM MULTNOMAH COUNTY HEALTH DEPARTMENT

You Can Now get Tested for COVID-19 at East County Health Center!

What:

The test will tell whether you currently have COVID-19. This is not the antibody test that tells whether you've had it in the past.

Who:

Anyone with symptoms of COVID-19 can get tested. We focus on reaching Black, Indigenous and other People of Color communities, those without health insurance and those without a regular health care provider.

Cost:

There is no cost for being tested.

Where:

East County Health Center parking lot at 600 NE 8th Street in Gresham.

When:

Mondays and Thursdays from 9:30 a.m. to 4:00 p.m.

How:

Call **503-988-8939** to make an appointment and reserve your spot. Wait times could be long if you show up without an appointment.

Staff wearing protective gear will swab your nose. The swab goes in quite far, so you will probably feel some brief discomfort. If your child is getting tested, you may be asked to help hold them. We encourage you to get tested first to show them it will be okay.
