Fairview Point

OCTOBER 2017

October is National Breast Cancer Awareness Month

Breast cancer is the second most common kind of cancer in women. About 1 in 8 women born today in the United States will get breast cancer at some point.

The good news is that most women can survive breast cancer if it's found and treated early.

- If you are a woman age 40 to 49, talk with your doctor about when to start getting mammograms and how often to get them.
- If you are a woman age 50 to 74, be sure to get a mammogram every 2 years. You may also choose to get them more often.

At the October 4 meeting the Fairview City Council will present a breast cancer awareness month proclamation. We encourage those in attendance to support this initiative by wearing pink. "As a two-time survivor of breast cancer, I'm pleased to see the City of Fairview raise awareness of this disease that has affected so many of our citizens and city employees," said Fairview Councilor Lisa Barton Mullins.

Bring your broken stuff to have volunteers fix for free!

Mt. Hood Community College and the City of Gresham are teaming up with Multnomah County and the Coalition of Gresham Neighborhood Associations, to bring you the first annual Mt. Hood Community Conservation Fair and Repair Cafe! The **City of Fairview** residents are invited and welcome to attend!

For more information visit <https://www.mhcc.edu/conservationfair/>.

FREE Training

Conflict Resolution Skills Workshop
How to Capitalize on Teachable Moments

Improve Active Listening Skills

Through understanding communication, this free 2-hour training will introduce professional debrief processes and how to utilize active listening and open-ended questions to capitalize on teachable moments and turn opportunities for improvement into commitments for action. Participants will be actively engaged throughout the training with the help of experts that will provide coaching through hands on practice.

November 7th, 6:00pm-8:00pm
Gresham City Hall
1333 N.W. Eastman Parkway

Help Prevent Flooding on Fairview Streets

It is that time of year again. Trees are a valuable resource to our city throughout the year but the deciduous trees, including street trees, are dropping leaves right now. Help prevent flooding and keep the storm water system clean by inspecting the storm drains outside your house and keeping them debris free. When you are clearing your sidewalk or driveway, please do not rake or blow the leaves from your yard into the street. To clean a clogged storm drain stand on the curb and use a rake or pitch fork to clear leaves, limbs, and debris from the catch basin. Do not attempt to remove the grate, only the debris on top of the grate. Place leaves in your yard debris roll cart for easy removal and recycling.

Watch out for Trick-or-Treaters on Halloween!

Please drive safe
and watch out
for the little
ghosts and
goblins!
